

Community Safety & Environment Scrutiny Panel – Review of CCTV 2019/20

The aim of the **Royal Borough of Greenwich CCTV Partnership Group** is to bring together relevant external stakeholders in order to improve information sharing, working relationships and effectiveness of our public space CCTV services. In doing so, to:

- Communicate relevant partner updates and local emerging issues in order to problem solve as a group where possible.
- Horizon scan to ensure combined CCTV services are best placed to deliver outstanding performance across the borough for the safety and security of all residents.
- Promote the CCTV service's role in ensuring the Royal Borough is a safe place to live, work and to visit
- Keep abreast of and consider benefit of technological advances and best practice both regionally, nationally and internationally

External partners include representatives from; (this list may grow as we explore membership etc.)

The aim of **Safer Spaces CCTV Steering Group** is to bring together internal stakeholders in order to maximise the efficiency and effectiveness of our public space CCTV service. In doing so, to:

- Ensure there is a robust and ambitious CCTV strategy for the Royal Borough, and to drive delivery against the agreed objectives and outcomes
- Provide an overview of CCTV performance including income optimisation and accreditation
- Discuss and develop CCTV related strategy policy, processes and proposals

- Escalate CCTV service related issues and concerns for discussion and resolution
- Identify and explore any legal or financial issues or implications (e.g. RIPA) for the CCTV service.
- Horizon scan internally and externally to ensure the CCTV service remains best placed to deliver outstanding performance
- Promote the CCTV service's role in ensuring the Royal Borough is a safe place to live, work and to visit
- Keep abreast of and consider benefit of technological advances and best practice both regionally, nationally and internationally
