   3.2 It is a legal requirement under section 349 of the Gambling Act 2005 (the Act) that each licensing authority prepare the Statement of Gambling Policy that they propose to apply in exercising their functions under the Act. Each Gambling Policy must be reviewed every 3 years.

   3.3 The Council is required to prepare and publish a revised Statement of Gambling Policy by 3 January 2019, to come into force on 31 January 2019.
3.4 This report contains the proposed revised policy to be presented for adoption to Full Council on 12 December 2018. Any recommendations from Cabinet will be referred to Full Council.

4. **Introduction and Background**

4.1 The Gambling Act 2005 has been in force since 30 April 2007. Responsibility for the administration of premises licences and permits under the Act rest with Local Authorities. The Gambling Commission have the responsibility for issuing operating licences to companies and personal management licences to those who carry out a gambling management function, and personal functional licences to those involved in gaming or handling cash in relation to gambling at a casinos.

4.2 The Gambling Act 2005 gives the responsibility to Local Authorities to grant the following:

- Casino premises licences
- Bingo premises licences
- Adult gaming centre premises licences
- Family entertainment centre premises licences
- Betting premises licences
- Granting permits for gaming and gaming machines in clubs and miners’ institutes;
- Regulating gaming and gaming machines in licensed premises (alcohol);
- Consider notices given for temporary use of premises for gambling;
- Granting permits for prize gaming;
- Considering occasional use notices for betting at tracks;
- Registering small society lotteries.

4.3 In considering applications made to it under the Act this authority is required to have regard to:

- The Gambling Act 2005 and the secondary regulations issued under the Act;
- The licensing objectives set out in the Act
- The Guidance given to licensing authorities by the gambling commission;
- The authority’s own statement of gambling policy.
4.4 The three licensing objectives set out under the Act are:

i. Preventing gambling from being a source of crime or disorder, being associated with crime or disorder, or being used to support crime;
ii. Ensuring that gambling is conducted in a fair and open way; and
iii. Protecting children and other vulnerable persons from being harmed or exploited by gambling.

4.5 Section 153 of the Act provides that in exercising its function under part 8 of the Act (which deals with premises licensing and provisional statements) a licensing authority should aim to permit the use of premises for gambling in so far as it thinks it is:

- In accordance with any relevant code of practice under section 24 of the Act;
- In accordance with any relevant guidance issued by the commission under section 25 of the Act;
- Reasonably consistent with the licensing objectives (subject to the above);
- In accordance with the statement of policy published by the authority under section 349.

4.6 It is important to note that the Borough is unable to consider issues relating to morality or demand within a defined area when determining premises licence applications.

5. **Public Consultation**

5.1 The current policy can be found using the link below - [https://www.royalgreenwich.gov.uk/downloads/download/496/gambling_policy_and_plans](https://www.royalgreenwich.gov.uk/downloads/download/496/gambling_policy_and_plans). It runs out in 30 January 2019.

5.2 A draft revised policy based on the current policy was produced over the summer of 2018 prior to the commencement of the public consultation.

5.3 The majority of the content of the draft revised policy flowed from statutory guidance issued by the Gambling Commission under the Act which came into effect in September 2016, and April 2018. The Gambling Commission guidance is expected to be included in the policy unless there is very good reason not to do so.
5.4 The changes to the current policy included within the draft revised policy are summarised below:

- Part A: Introduction has an updated description of Royal Greenwich.
- Section 10: Local Area Profile has been expanded with regard to what is expected of applicants for premises licence in developing and reviewing their local area risk assessments. Also, links are appended to the policy listing the locations of schools, hostels and homes for vulnerable people and centres for people with gambling addictions.
- Revision to reflect changes made to the Use Classes Order, so that betting shops have to apply for planning permission, as well as a premises licence for betting, before they can operate.
- Other changes reflect minor changes in guidance or formatting of the document

5.5 The consultation on the draft revised Statement of Gambling Policy took place between 12 September and 23 October 2018, and followed the Revised Code of Practice (March 2018), and the Cabinet Office Guidance on consultations by the public sector.

5.6 At the start of the consultation, and in order to garner views from a range of different sections of the community, letters were sent to a wide range of consultees with the web address for the draft revised policy. This included all Elected Members, faith groups, and registered charities such as Age Concern UK. A full list of the consultees can be found in Appendix A of this report.

6. **Outcome of Public Consultation**

6.1 Consultation feedback was received from Gamcare, The Gambling Commission, the Greenwich Society and the Police. No comments were received from local residents. The issues raised in the feedback along with officer comments are summarised in Appendix B.

6.2 The Police and the Greenwich Society either chose to make no comment or were supportive in a general way of the draft revised policy. Fuller responses were made by Gamcare and The Gambling Commission and these have been incorporated in to the proposed revised Statement of Gambling Policy at Appendix A of this report, or are being progressed for a future reiteration.
7. **Available Options**

7.1 There are no viable options other than to adopt the Statement of Gambling Policy. Failure to adopt a policy will leave decisions by the authority at risk of challenge.

8. **Preferred Option**

8.1 To adopt the revised Statement Gambling Policy.

<td>Legal including Human Rights Act</td>
<td>Section 349 Gambling Act 2005 requires the Council to adopt a Statement of Gambling Policy every 3 years. The Statement sets out the gambling principles and how the council will carry out its functions and duties under the Act. The Statement of Gambling Policy must be in accordance with Regulations made pursuant to the Gambling Act and must include prescribed information and be in the format prescribed by statutory provisions. The Council must comply with and or have regard to Codes of Practice issued by the Gambling Commission. In determining its principles the Council must have regard to Statutory Guidance issued by the Gambling Commission and give appropriate weight to those who respond to the consultation at Appendix B. The factors to be taken into consideration in determining the weight to be given to any representation made are: (i) whether the persons making the representations have any expertise or interest, (ii) the relevance to the licensing objectives, (iii) the number of people expressing the same or similar views, (iv) whether the representations are matters that should be included in the policy statement.</td>

| Finance and other resources including procurement implications | The recommendation to adopt the revised Royal Borough of Greenwich Statement of Gambling Policy in respect of the Gambling Act 2005 relates to the revision of the existing Statement of Gambling Policy, which has been updated in accordance with the guidance published by the Gambling Commission. The adoption of the revised Statement of Gambling Policy can be carried out within existing resources. | Stephen Parratt

18 October 2018. |
| Equalities | The revised policy has been screened for its impact upon equalities and protected characteristics. The policy will introduce no significant changes to the way in which premises applications under the Gambling Act 2005 are processed or considered because the legislation in place proscribes the circumstances in which the Borough may exercise its discretion. The primary purpose of the revised policy is to reflect changes in relevant guidance and legislation that have taken place in the preceding 3 years. There is no firm evidence applicable at a local level that the way the policy could be administered will adversely impact upon any of the characteristics enshrined in the Equalities Act 2010 and is therefore not believed to present any risks or barriers to equality. Based on the screening, it has been decided that a full Equality Impact Assessment is not required. | Ian Andrews
